

Voice Activated Suspension Notification Program

Lakehurst continuously strives to notify customers of past due balances prior to suspension of water service. In our ongoing efforts to provide timely notice of service interruptions, the district will continue to mail suspension notices on the 5th of each month. If your account is delinquent, a voice notification will be sent the Monday prior to turn off. This service is only available to customers who have provided us with a current telephone number. It is the responsibility of each customer to notify us of any changes. If you would like to take advantage of this service complete the attached form and include with payment or go to our website at www.lakehurstwater.org/forms and complete online.

In an emergency call the District's main office number 24 hours a day at 303-985-7895. Calls received outside normal working hours will be answered by the District's answering service and the information will be directed to on call service personnel for assistance.

Re-Cap on Capital Rehabilitation Projects

Lakehurst completed several significant construction projects in 2011, including the largest sewer outfall relocation project undertaken by the District to date. The District completed the installation of 6,400 feet of 24-inch sewer line through the Fehringer Ranch property. The cost to complete this project was \$1,479,362. A small but important rehabilitation project on a different section of this same outfall line was also completed in 2011 for a cost of \$43,886. Lastly, residents on S. Yank St, in the Friendly Hills subdivision are enjoying a newly installed water line that was replaced by Brannon Contractors for \$217,206.

The 2012 Capital Improvement Program will prove to be just as proactive as in 2011, and includes replacing 1,300 feet of six-inch asbestos cement pipe on S. Vivian St, between S. Van Gordon Ct. and W. Layton Ave. This project is needed due to the number of breaks experienced on this section of pipe in the past three years. The on-going, multi-year hydrant replacement program that includes replacing 10 older hydrants per year will continue in 2012. The District will also be participating in a "cost sharing" agreement

Continued on next page...

with Jefferson County to lower a 12-inch water line and 10-inch sewer line, both located in W. Quincy Ave, just east of S. Simms St. where the County will be installing a large box culvert for the Weaver Gulch. It is important to note that all Capital, Rehabilitation, and Maintenance projects are accomplished without any District tax assessments. With these and many other projects planned for the future, customers can count on a reliable water and sewer system for years to come.

2012 Residential Rebate Program

If you purchased a qualifying appliance the end of 2011 make sure you submit a 2011 rebate form.

Lakehurst Water is pleased to inform our customers of available rebates for residential customers interested in high efficiency appliances and irrigation system enhancers.

Clothes washer – \$100 rebate

Limit one clothes washer rebate per residence. Washer model must be on Denver Waters model list of qualifying washers.

High-efficiency toilets - \$75 rebate

Only WaterSense-labeled toilets that use 1.28 gallons per flush or less qualify. Limit three toilet rebates per residence per 10-year period. Low-flow toilets (1.6 gallons per flush) do not qualify for rebate.

Note: The toilet must be a WaterSense- labeled product.

Rotary nozzles – \$2 rebate (per nozzle)

Eligible models include Hunter MP, Rain Bird and Toro Precision rotary nozzles. Minimum purchase is 10, maximum is 100. One time rebate per property.

Customers should check details before purchasing. Visit www.denverwater.org/rebates for applications and a list of eligible products.

Denver Water's rebate program is available as funding permits. It is subject to change, cancellation, or discontinuation at any time.

Voice Activation Form

Lakehurst Water & Sanitation District is in the process of updating our customer database. We will be notifying customers of impending suspension of their water service due to delinquency. If you wish to take advantage of this service, or make changes to your current account, please complete the information below. (Limited to two phone numbers and one email address.)
