Denver Water Implements 2023 Summer Water Use Program

It's not *less*,
it's *Best*

Summer watering rules are not about restrictions.

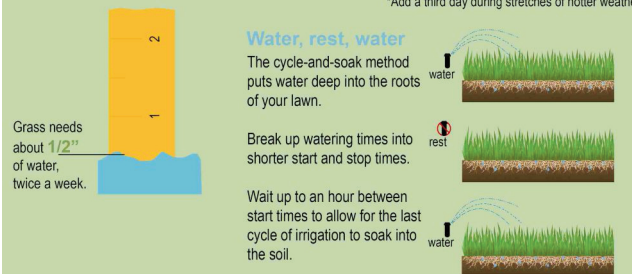

They're about the best ways to keep your lawn healthy and green.

Water your lawn between 6 p.m. & 10 a.m.

Water two days a week for the summer*

*Add a third day during stretches of hotter weather.

Continued on next page...

Keep those heads in tip-top shape

Broken sprinkler heads add up to large waste

A broken sprinkler head wastes:

10 gallons per minute

150 gallons in a 15-minute run time

Make repairs within 10 days — the sooner the better.
Every time you mow your lawn, check your sprinkler heads for leaks, damage or misalignment.

Get water-wise!
Visit denverwater.org/BestPractices for tips on efficient outdoor water use.

REPORT WATER WASTE

If you see water waste that does not meet these rules, please call Lakehurst Water at 303-985-7895.

Lakehurst Welcomes New Board Member

The newest member of the Lakehurst Water and Sanitation District Board of Directors is **Siji Abraham**. Siji was appointed to the Board of Directors after the cancellation of the May 2, 2023 election due to there being no more candidates than available seats on the board. Siji has lived in the District since 2020.

He is currently a Project Engineer in the Energy Industry. He completed his

BSME from the Colorado School of Mines and recently received his MBA from the University of Denver. In his spare time, he enjoys hiking around the many Colorado mountains, traveling to cities ideally located next to a beach or a large body of water, he also enjoys watching Denver sports (win or lose).

Please join us in welcoming Siji Abraham to the Lakehurst Board of Directors.

Board Election

Keith Francis, Board member, has been re-elected to a four year term. Keith is serving the District as Secretary.

Lakehurst Bids Farwell to its' Longest Serving Board Member

Mr. Steven Posavec, Lakehurst's longest serving board member, announced his retirement from the Board of Directors after thirty-one years of service. Mr. Posavec served faithfully in every publicly elected district position as President, Vice-President, Treasurer, and Secretary. Steve's broad technical management talents have greatly contributed to the policies guiding the success of the District's domestic water and sanitary sewer service operations for more than six-thousand accounts.

Steven was involved in many pivotal, important decisions that shaped the way Lakehurst operates today including, but not limited to, Belleview-Simms Pump Station discussions with Denver Water, several iterations of the Lakehurst – Willowbrook sanitary sewer agreement, the inclusion of Lochmoor Water and Sanitation District into Lakehurst to provide sanitary sewer services for approximately sixty residential properties, and several District water and sewer projects that have improved and updated both systems. These are just some of the notable projects that Director Posavec participated in over his lengthy tenure as a board member.

The Lakehurst Board of Directors and all the staff extend a sincere and heartfelt "thank you" to Steven Posavec for his long and distinguished service to Lakehurst and wish him well in the future.
